TON YI INDUSTRIAL CORP. AND SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS AND

REPORT OF INDEPENDENT ACCOUNTANTS

DECEMBER 31, 2018 AND 2017

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

TON YI INDUSTRIAL CORP. AND SUBSIDIARIES

Declaration of Consolidated Financial Statements of Affiliated Enterprises

For the year ended December 31, 2018, pursuant to "Criteria Governing Preparation of Affiliation Reports, Consolidated Business Reports and Consolidated Financial Statements of Affiliated Enterprises," the companies that are required to be included in the consolidated financial statements of affiliates, are the same as the companies required to be included in the consolidated financial statements under International Financial Reporting Standards 10. And if relevant information that should be disclosed in the consolidated financial statements of affiliates has all been disclosed in the consolidated financial statements of parent and subsidiary companies, it shall not be required to prepare consolidated financial statements of affiliates.

Hereby declare,

TON YI INDUSTRIAL CORP.

March 25, 2019

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Shareholders of Ton Yi Industrial Corp.

Opinion

We have audited the accompanying consolidated balance sheets of Ton Yi Industrial Corp. and its subsidiaries (the "Group") as of December 31, 2018 and 2017, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2018 and 2017, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the "Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants" and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Group's consolidated financial statements of 2018. These matters were addressed in the context of our audit of the consolidated statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Existence of sales revenues

Description

Refer to Note 4(29) for the accounting policy on revenue recognition. The Group's sales revenues from Tin Plate products for the year ended December 31, 2018 was NT$21,829,611 thousand.

The primary business of Ton Yi Industrial Corp. and its subsidiaries is Tin Plate products. The Group has a large volume of transactions from sales of numerous kinds of products to a wide range of customers in many different countries such as Taiwan, Asia, Europe, America, etc. For sales transactions with the Group's customers and dealers who are from remote districts, it would require more time to verify the existence and accuracy of sales revenue. Thus, the existence of sales revenue has been identified as a key audit matter.

How our audit addressed the matter

Our key audit procedures performed in respect of the above key audit matter included the following:

1. Inspecting whether approved additions to the merchandise master file data had been correctly entered in the merchandise master file which include basic information of customers, such as name of representative, location of company, amount of capital and scope of business for evaluating the creditworthiness of buyers.
2. Understanding, evaluating and validating management's controls in respect of the Company's sales transactions from customer order's approval, goods delivery, sales recording, reconciliation of cash receipts and customer's records to subsequent settlement of trade receivables. In addition, testing the internal control environment of the Company's effectiveness of revenue recognition.
3. Performing substantive test on selected sales transactions including confirming orders, shipping documents, invoices and cash receipts to verify the existence of sales revenues.

Inventory valuation

Description

Refer to Note 4(9) for accounting policy on inventory valuation, and Note 5(2) A for the accounting estimates and assumption uncertainty in relation to inventory valuation. For the year ended December 31, 2018, Tin Plate products inventory and allowance to reduce inventory to market are NT$3,449,059 thousand and NT$107,604 thousand, respectively.

The Group's raw materials are often subject to fluctuations in the international steel prices. However, as the Tin Plate products are for necessities, such price changes may not be immediately reflected in the material costs. In addition, the competition landscape within the steel industry in China will continue to affect the price of raw materials that would impact the estimation of net realizable value of inventory. Thus, the inventory evaluation has been identified as a key audit matter.

<u>How our audit addressed the matter</u>

Our key audit procedures performed in respect of the above key audit matter included the following:

1. Evaluating the adequacy of allowance for inventory and the consistency of provision policy.
2. Assessing the reasonableness of the estimation of net realizable value of Tin plate products and discussing with management and examining related documents to confirm the adequacy of allowance for price decline.

Other matter – Parent company only financial reports

We have audited and expressed an unmodified opinion on the parent company only financial statements of Ton Yi Industrial Corp. as of and for the years ended December 31, 2018 and 2017.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers", and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.

We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance, including audit committee, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance, including audit committee, with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, including audit committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

TON YI INDUSTRIAL CORP. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

1. HISTORY AND ORGANIZATION

(1) Ton Yi Industrial Corp. (the “Company”) was incorporated as a company limited by shares under the provisions of the Company Act of the Republic of China (R.O.C.) on April 14, 1969. The Company is primarily engaged in the manufacture, processing and sales of various cans of steel and tin plate. For the subsidiaries’ scope of business, please refer to Note 4(3) for details.

(2) The common shares of the Company have been listed on the Taiwan Stock Exchange since January 1991.

(3) Uni-President Enterprises Corp. holds 45.55% equity interest in the Company and is the ultimate parent company.

2. THE DATE OF AUTHORIZATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORIZATION

These consolidated financial statements were authorized for issuance by the Board of Directors on March 25, 2019.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS”) as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments as endorsed by FSC effective from 2018 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IAS 7, ‘Disclosure initiative’	January 1, 2017
Amendments to IAS 12, ‘Recognition of deferred tax assets for unrealised losses’	January 1, 2017
Annual improvements to IFRSs 2014-2016 cycle - Amendments to IFRS 12, ‘Disclosure of interests in other entities’	January 1, 2017
Amendments to IFRS 2, ‘Classification and measurement of share - based payment transactions’	January 1, 2018
Amendments to IFRS 4, ‘Applying IFRS 9, Financial instruments with IFRS 4, Insurance contracts’	January 1, 2018
IFRS 9, ‘Financial instruments’	January 1, 2018
IFRS 15, ‘Revenue from contracts with customers’	January 1, 2018
Amendments to IFRS 15, ‘Clarifications to IFRS 15, Revenue from contracts with customers’	January 1, 2018
Amendments to IAS 40, ‘Transfers of investment property’	January 1, 2018

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
IFRIC 22, 'Foreign currency transactions and advance consideration'	January 1, 2018
Annual improvements to IFRSs 2014-2016 cycle - Amendments to IFRS 1, 'First-time adoption of International Financial Reporting Standards'	January 1, 2018
Annual improvements to IFRSs 2014-2016 cycle - Amendments to IAS 28, 'Investments in associates and joint ventures'	January 1, 2018

Except for the following, the above standards and interpretations have no significant impact to the Company and its subsidiaries' (collectively referred herein as the "Group") financial performance and financial position based on the Group's assessment.

A. Amendments to IAS 7, 'Disclosure initiative'

This amendment requires that an entity shall provide more disclosures related to changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes.

The Group expects to provide additional disclosure to explain the changes in liabilities arising from financial activities.

B. IFRS 9, 'Financial instruments'

(a) Classification of debt instruments is driven by the entity's business model and the contractual cash flow characteristics of the financial assets, which would be classified as financial asset at fair value through profit or loss, financial asset measured at fair value through other comprehensive income or financial asset at amortised cost. Equity instruments would be classified as financial asset at fair value through profit or loss, unless an entity makes an irrevocable election at inception to present subsequent changes in the fair value of an investment in an equity instrument that is not held for trading in other comprehensive income.

(b) The Group applied the new rules under IFRS 9 retrospectively from January 1, 2018, with the practical expedients permitted under the statement. The significant effects of applying the new standard as of January 1, 2018 are summarized below:

i. In accordance with IFRS 9, the Group reclassified available-for-sale financial assets in the amount of $178,731, by increasing financial assets at fair value through other comprehensive income in the amount of $178,731.

ii. In accordance with IFRS 9, the Group reclassified financial assets at cost in the amount of $501,050, by increasing financial assets at fair value through comprehensive income in the amount of $472,920, and decreasing retained earnings in the amount of $28,130.

C. IFRS 15, 'Revenue from contracts with customers'

(a) IFRS 15, 'Revenue from contracts with customers' replaces IAS 11, 'Construction Contracts', IAS 18, 'Revenue' and relevant interpretations. According to IFRS 15, revenue is recognized when a customer obtains control of promised goods or services. A customer obtains control of goods or services when a customer has the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognizes revenue in accordance with that core principle by applying the following steps:

Step 1: Identify contracts with customer.

Step 2: Identify separate performance obligations in the contract(s).

Step 3: Determine the transaction price.

Step 4: Allocate the transaction price.

Step 5: Recognize revenue when the performance obligation is satisfied.

Further, IFRS 15 includes a set of comprehensive disclosure requirements that requires an entity to disclose sufficient information to enable users of financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers.

(b) In first adopting IFRS 15 effective January 1, 2018, the Group has elected to apply modified retrospective approach whereby the cumulative impact of the adoption was recognized as retained earnings as of January 1, 2018. The significant effects of applying the new standard as of January 1, 2018 are summarized below:

i. Under IFRS 15, liabilities in relation to sales contracts are recognized as contract liabilities, but were previously presented as advance sales receipts (shown as 'other current liabilities') in the balance sheet. As of December 31, 2017, the balance amounted to $83,524.

ii. Under IFRS 15, liabilities in relation to expected sales discounts and allowances were previously presented as accounts receivable - allowance for sales discounts in the balance sheet. As of December 31, 2017, the balance amounted to $8,138.

(2) <u>Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group</u>

New standards, interpretations and amendments as endorsed by FSC effective from 2019 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IFRS 9, ‘Prepayment features with negative compensation’	January 1, 2019
IFRS 16, ‘Leases’	January 1, 2019
Amendments to IAS 19, ‘Plan amendment, curtailment or settlement’	January 1, 2019
Amendments to IAS 28, ‘Long-terminterests in associates and joint ventures’	January 1, 2019
IFRIC 23, ‘Uncertainty over income tax treatments’	January 1, 2019
Annual improvements to IFRSs 2015-2017 cycle	January 1, 2019

Except for the following, the above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment. The quantitative impact will be disclosed when the assessment is complete.

IFRS 16, ‘Leases’

IFRS 16, ‘Leases’, replaces IAS 17, ‘Leases’ and related interpretations and SICs. The standard requires lessees to recognize a 'right-of-use asset' and a lease liability (except for those leases with terms of 12 months or less and leases of low-value assets). The accounting stays the same for lessors, which is to classify their leases as either finance leases or operating leases and account for those two types of leases differently. IFRS 16 only requires enhanced disclosures to be provided by lessors.

The Group expects to recognize the lease contract of lessees in line with IFRS 16. However, the Group intends not to restate the financial statements of prior period (referred herein as the “modified retrospective approach”). It is expected that ‘right-of-use assets’ and ‘lease liabilities’ will be increased by $2,657,730 and $2,143,708, respectively, and ‘prepayments’, ‘long-term prepaid rents’ and ‘other non-current Assets’ will be decreased by $17,637, $494,267 and $2,118, respectively, on January 1, 2019.

(3) <u>IFRSs issued by IASB but not yet endorsed by the FSC</u>

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs as endorsed by the FSC are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IAS 1 and IAS 8, 'Disclosure Initiative-Definition of Material'	January 1, 2020
Amendments to IFRS 3, 'Definition of a business'	January 1, 2020
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by International Accounting Standards Board
IFRS 17, 'Insurance contracts'	January 1, 2021

The above standards and interpretations have no significant impact to the Group's financial condition and performance based on the Group's assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers", and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the FSC (collectively referred herein as the "IFRSs")

(2) Basis of preparation

A. Except for the following items, these consolidated financial statements have been prepared under the historical cost convention:

a. Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.

b. Financial assets at fair value through other comprehensive income /Available-for-sale financial assets.

c. Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.

B. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5 ‘Critical accounting judgements, estimates and key sources of assumption uncertainty’.

C. In adopting IFRS 9 and IFRS 15 effective January 1, 2018, the Group has elected to apply modified retrospective approach whereby the cumulative impact of the adoption was recognized as retained earnings or other equity as of January 1, 2018 and the financial statements for the year ended December 31, 2017 were not restated. The financial statements for the year ended December 31, 2017 were prepared in compliance with International Accounting Standard 39 ('IAS 39'), International Accounting Standard 11 ('IAS 11'), International Accounting Standard 18 ('IAS 18') and related financial reporting interpretations. Please refer to Notes 12(4) and (5) for details of significant accounting policies and details of significant accounts.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:

a. All subsidiaries are included in the Group’s consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.

b. Inter-company transactions, balances and unrealized gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.

c. Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

d. Transactions with non-controlling interest that do not result in loss of control are accounted for as equity transaction- that is, as transactions with the owners in their capacity as owners. The difference between non-controlling interest adjustments and consideration paid or received is recorded in equity.

e. When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognized in profit or loss. All amounts previously recognized in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously recognized in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

B. Subsidiaries included in the consolidated financial statements:

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: As of December 31, 2018 and 2017, the non-controlling interest amounted to $1,401,707 and $965,453, representing 3.77% and 2.58% of the consolidated total assets, respectively. None of the non-controlling interest is material to the Group.

(4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan Dollars, which is the Company's functional and presentation currency.

A. Foreign currency transactions and balances

a. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognized in profit or loss in the period in which they arise.

b. Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognized in profit or loss.

c. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognized in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.

d. All foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within other gains and losses.

B. Translation of foreign operations

a. The financial performance and financial position of all the group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(a) Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;

(b) Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and

(c) All resulting exchange differences are recognized in other comprehensive income.

b. When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Group still retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.

(5) <u>Classification of current and non-current items</u>

A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:

a. Assets arising from operating activities that are expected to be realized, or are intended to be sold or consumed within the normal operating cycle;

b. Assets held mainly for trading purposes;

c. Assets that are expected to be realized within twelve months from the balance sheet date;

d. Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities more than twelve months after the balance sheet date.

B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:

a. Liabilities that are expected to be paid off within the normal operating cycle;

b. Liabilities arising mainly from trading activities;

c. Liabilities that are to be paid off within twelve months from the balance sheet date;

d. Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the balance sheet date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

(6) Cash equivalents

A. Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

B. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortized cost or fair value through other comprehensive income.

B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognized and derecognized using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognizes the gain or loss in profit or loss.

(8) Accounts and notes receivable

A. Accounts and notes receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.

B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(9) Inventories

Inventories are stated at the lower of cost and net realizable value. Cost is determined using the weighted-average method. The cost of finished goods and work in process comprises raw materials, direct labor, other direct costs and related production overheads (allocated based on normal operating capacity). It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost to completion and applicable variable selling expenses. When the cost of inventory is lower than net realizable value, a write down is provided and recognized in operating costs. If the circumstances that caused the write-down cease to exist, such that all or part of the write down is no longer needed, it should be reversed to that extent and recognized as deduction of operating costs.

(10) Financial assets at fair value through other comprehensive income

A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognize changes in fair value in other comprehensive income and debt instruments which meet all of the following criteria:

a. The objective of the Group's business model is achieved both by collecting contractual cashflows and selling financial assets; and

b. The assets' contractual cash flows represent solely payments of principal and interest.

B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognized and derecognized using settlement date accounting.

C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value:

The changes in fair value of equity investments that were recognized in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognized as revenue when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(11) Impairment of financial assets

For debt instruments measured at fair value through other comprehensive income and financial assets at amortised cost, at each reporting date, the Group recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable or contract assets that do not contain a significant financing component, the Group recognises the impairment provision for lifetime ECLs.

(12) Derecognition of financial assets

The Group derecognizes a financial asset when one of the following conditions is met:

A. The contractual rights to receive cash flows from the financial asset expire.

B. The contractual rights to receive cash flows from the financial asset have been transferred and the Group has transferred substantially all risks and rewards of ownership of the financial asset.

C. The contractual rights to receive cash flows from the financial asset have been transferred, and the Group has not retained control of the financial asset.

(13) Property, plant and equipment

A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.

B. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

C. Property, plant and equipment apply the cost model. Except for land, other property, plant and equipment are depreciated using the straight-line method to allocate their cost over their estimated useful lives. If each component of property, plant and equipment is significant, it is depreciated separately.

D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each balance sheet date. If expectations for the assets' residual values and useful lives differ from previous estimates or the consumption patterns of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

Asset Name	Useful Lives
Buildings	2 ～ 55 years
Machinery and equipment	2 ～ 30 years
Transportation equipment	3 ～ 20 years
Office equipment	2 ～ 10 years
Other equipment	2 ～ 40 years

(14) Lease (Lessor)

Lease income from an operating lease (net of any incentives given to the lessee) is recognized in profit or loss on a straight-line basis over the lease term.

(15) Lease (Lessee)

Payments made under an operating lease (net of any incentives received from the lessor) are recognized in profit or loss on a straight-line basis over the lease term.

(16) Investment property

An investment property is stated initially at its cost and measured subsequently using the cost model. Except for land, investment property is depreciated on a straight-line basis over its estimated useful life of 20 years.

(17) Intangible assets

A. Goodwill

Goodwill arises in a business combination accounted for by applying the acquisition method.

B. Computer software

Computer software is stated at cost and amortized on a straight-line basis over its estimated useful life of 10 years.

(18) Impairment of non-financial assets

A. The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognizing impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortized historical cost would have been if the impairment had not been recognized.

B. The recoverable amounts of goodwill shall be evaluated periodically. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognized in profit or loss shall not be reversed in the following years.

C. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units, or groups of cash-generating units, that is/are expected to benefit from the synergies of the business combination.

(19) <u>Borrowings</u>

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in profit or loss over the period of the borrowings using the effective interest method.

(20) <u>Notes and accounts payable</u>

A. Accounts payable are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

B. For short-term accounts payable which are not interest bearing, as the effect of discounting is insignificant, they are measured subsequently at the original invoice amount.

(21) <u>Financial liabilities instruments</u>

Ordinary corporate bonds issued by the Group are initially recognized at fair value, net of transaction costs incurred. Ordinary corporate bonds are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is accounted for as the premium or discount on bonds payable and presented as an addition to or deduction from bonds payable, which is amortized in profit or loss as an adjustment to the 'finance costs' over the period of bond circulation using the effective interest method.

(22) <u>Derecognition of financial liabilities</u>

A financial liability is derecognized when the obligation under the liability specified in the contract is discharged, cancelled or expired.

(23) Offsetting financial instruments

Financial assets and liabilities are offset and reported at net amount on the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

(24) Provision

Provision (decommissioning liabilities) is recognized when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provision is measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognized as interest expense.

(25) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid and should be recognized as expenses in that period when the employees render service.

B. Pensions

a. Defined contribution plans

For defined contribution plans, the contributions are recognized as pension expenses on an accrual basis. Prepaid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

b. Defined benefit plans

(a) Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Group in current period or prior period. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of government bonds (at the balance sheet date) of a currency and term consistent with the currency and term of the employment benefit obligations.

(b) Remeasurements arising on defined benefit plans are recognized in other comprehensive income in the period in which they arise and are recorded as retained earnings.

C. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognized as expenses and liabilities, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is distributed by shares, the Group calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(26) Income tax

A. The tax expense comprises current and deferred tax. Income tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which case the tax is recognized in other comprehensive income or equity.

B. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the shareholders resolve to retain the earnings.

C. Deferred income tax is recognized, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred income tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

D. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognized and recognized deferred income tax assets are reassessed.

(27) Share capital

A. Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction, net of tax, from the proceeds.

B. Where the Company repurchases its outstanding shares, the consideration paid, including any directly attributable incremental costs (net of income taxes), is deducted from equity attributable to the Company's equity holders. When such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(28) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are approved by the Company's shareholders. Cash dividends are recorded as liabilities; stock dividends are recorded as stock dividends to be distributed and are reclassified to ordinary shares and share premium on the effective date of new shares issuance.

(29) Revenue recognition

Sales of goods

A. The Group manufactures and sells tinplate, cans, and PET package products. Sales are recognized when control of the products has transferred, being when the products are delivered to the wholesaler, the wholesaler has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the wholesaler's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the wholesaler, and either the wholesaler has accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied.

B. Revenue from these sales is recognized based on the price specified in the contract, net of the estimated sales discounts and volume discounts. The products are often sold with volume discounts based on estimated sales of each year. Accumulated experience is used to estimate and provide for the sales discounts and volume discounts, using the expected value method, and revenue is only recognized to the extent that it is highly probable that a significant reversal will not occur. The estimation is subject to an assessment at each reporting date. A refund liability is recognized for expected sales discounts and volume discounts payable to customers in relation to sales made until the end of the reporting period.

(30) Government grants

Government grants are recognized at their fair value only when there is reasonable assurance that the Group will comply with any conditions attached to the grants and the grants will be received. Government grants are recognized in profit or loss on a systematic basis over the periods in which the Group recognizes expenses for the related costs for which the grants are intended to compensate.

(31) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, and the related information is addressed below:

(1) Critical judgements in applying the Group's accounting policies

None.

(2) Critical accounting estimates and assumptions

Evaluation of inventories

A. As inventories are stated at the lower of cost and net realizable value, the Group must determine the net realizable value of inventories on balance sheet date using judgements and estimates. Because of the change in market demand and the sales strategy, the Group evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on the balance sheet date, and writes down the cost of inventories to the net realizable value. Such an evaluation is principally based on the demand for the products within the specified period in the future. Therefore, there might be material changes to the evaluation.

B. As of December 31, 2018, the carrying amount of inventories was $3,903,529.

6. DETAILS OF SIGNIFICANT ACCOUNTS

(1) Cash and cash equivalents

	December 31, 2018	December 31, 2017
Cash:		
Cash on hand and petty cash	$ 856	$ 588
Checking accounts and demand deposits	1,771,297	839,563
	1,772,153	840,151
Cash equivalents:		
Time deposits	493,233	66,181
	$ 2,265,386	$ 906,332

A. The Group transacts with a variety of financial institutions all with high credit rankings to diversify credit risk, so it expects that the probability of counterparty default is remote.

B. As of December 31, 2018 and 2017, the Group has no cash and cash equivalents pledged to others.

(2) Notes receivable and accounts receivable, net

		December 31, 2018
Notes receivable	$	930,172
Less: Allowance for doubtful accounts	(	1,492)
	$	928,680

		December 31, 2018
Accounts receivable	$	2,211,289
Less: Allowance for doubtful accounts	(	68,277)
	$	2,143,012

A. The aging analysis of accounts receivable that were past due but not impaired is as follows:

	December 31, 2018			
		Notes receivable		Accounts receivable
1 to 30 days	$	387,038	$	1,635,419
31 to 60 days		185,382		377,236
61 to 90 days		178,893		135,950
91 to 180 days		178,859		19,170
Over 181 days		-		43,514
	$	930,172	$	2,211,289

The above aging analysis was based on invoice date.

B. The Group has no notes and accounts receivable pledged to others on December 31, 2018.

C. Without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the notes receivable and accounts receviable held by the Group was the book value.

D. Information relating to credit risk is provided in Note 12(2).

E. Information relating to notes receivable and accounts receivable on December 31, 2017 is provided in Note 12(4), “Effects on initial application of IFRS 9 and information on application of IAS 39 in 2017”.

(3) Inventories

	December 31, 2018		
	Cost	Allowance for price decline of inventories	Carrying amount
Raw materials	$ 1,547,165	($ 38,230)	$ 1,508,935
Raw materials in transit	18,121	(90)	18,031
Supplies	431,777	(652)	431,125
Supplies in transit	24,147	-	24,147
Work in process	803,440	(23,559)	779,881
Finished goods	1,186,483	(45,073)	1,141,410
	$ 4,011,133	($ 107,604)	$ 3,903,529

	December 31, 2017		
	Cost	Allowance for price decline of inventories	Carrying amount
Raw materials	$ 1,393,253	($ 12,366)	$ 1,380,887
Raw materials in transit	17,292	(57)	17,235
Supplies	478,270	(3,877)	474,393
Work in process	834,929	(34,464)	800,465
Finished goods	1,085,667	(22,094)	1,063,573
	$ 3,809,411	($ 72,858)	$ 3,736,553

The cost of inventories recognized as expense for the year:

	Years ended December 31,	
	2018	2017
Cost of goods sold	$ 32,065,606	$ 29,496,308
Loss on decline in market value	36,214	33,521
Loss on disposal of inventory	68,054	108
Revenue from sale of scraps	(400,217)	(304,102)
Indemnities	(16,701)	(7,965)
	$ 31,752,956	$ 29,217,870

(4) Financial assets at fair value through other comprehensive income - non-current

	December 31, 2018
Listed stocks	$ 378,917
Valuation adjustment	(256,718)
	$ 122,199

A. The Group has elected to classify listed stocks that are considered as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to $122,199 as at December 31, 2018.

B. Amount recognized in loss and other comprehensive income in relation to the financial assets at fair value through other comprehensive income for the year ended December 31, 2018 was ($56,532).

C. The Group has no financial assets at fair value through other comprehensive income pledged to others.

D. Information relating to credit risk of financial assets at fair value through other comprehensive income is provided in Note 12(2).

E. Information on available-for-sale financial assets and financial assets at cost as of December 31, 2017 is provided in Note 12(4), “Effects on initial application of IFRS 9 and information on application of IAS 39 in 2017”.

(5) Property, plant and equipment

	Land	Buildings	Machinery	Vehicles	Office equipment	Others	Construction in progress and equipment to be inspected	Total
At January 1, 2018								
Cost	$ 615,892	$ 10,330,221	$ 46,916,903	$ 277,606	$ 205,479	$ 5,622,481	$ 44,683	$ 64,013,265

A. Rental income from investment property and direct operating expenses arising from the investment property are shown below:

	Years ended December 31,	
	2018	2017
Rental income from investment property	$ 18,318	$ 18,091
Direct operating expenses from the investment property that generated income in the period	$ 10,146	$ 10,022

B. The fair values of the investment property held by the Group as at December 31, 2018 and 2017 were $156,056 and $177,781, respectively. Land is valued according to Current Land Value announced by the Department of Land Administration. Buildings are valued based on discounted recoverable amounts of future rent income.

C. The Company purchased an agricultural purpose land in the amount of $23,107 but registered it in the name of a natural person. Pending the change of the land registration, the land will be mortgaged to the Company. The decision on the purpose of the land has not yet been decided; thus, this was recognized as Investment property. The land was disposed in January, 2018.

D. As of December 31, 2018 and 2017, no investment property held by the Group was pledged to others.

E. Information relating to accumulated impairment is provided in Note 6(9).

(7) Intangible assets

Amortization	-	(9,508)	(9,508)
Net exchange differences	(25,987)	(1,102)	(27,089)
Net value at December 31	$ 310,598	$ 52,453	$ 363,051
At December 31, 2017			
Cost	$ 342,773	$ 102,640	$ 445,413
Accumulated amortization	-	(46,976)	(46,976)
Net exchange differences	(32,175)	(3,211)	(35,386)
	$ 310,598	$ 52,453	$ 363,051

A. No borrowing costs were capitalized as part of intangible assets for the years ended December 31, 2018 and 2017.

B. Details of amortization on intangible assets are as follows:

	Years ended December 31,	
	2018	2017
Operating costs	$ 1,623	$ 1,553
Selling expenses	1,131	1,032
Administrative expenses	6,872	6,923
	$ 9,626	$ 9,508

C. The Group applied value in use method when calculating recoverable amount of goodwill and determined the recoverable amount to be greater than the carrying amount; thus, no impairment was identified. Goodwill distributed to cash generating unit according to operating segment is shown below:

	December 31, 2018	December 31, 2017
Tinplate factory located in China	$ 320,565	$ 310,598

(8) Long-term prepaid rent

	December 31, 2018	December 31, 2017
Land use right	$ 494,267	$ 482,516

A. The Group entered into a land lease agreement with Taiwan Sugar Corporation and local authority of People's Republic of China for use of property located in Yong-Kang District, Tainan and various properties in China. Lease periods are 50 years. The Group recognized $13,930 and $13,748 of rental expense (under operating cost and operating expense) for the years ended December 31, 2018 and 2017, respectively.

B. The description of Long-term prepaid rent disposal of Jiangsu Ton Yi Tinplate Co., Ltd. and Wuxi Ton Yi Industrial Packing Co., Ltd. is provided in Note 9, "Significant contingent liabilities and unrecognized contract commitments".

(9) Impairment of non-financial assets

A. The Group recognised impairment loss for the year ended December 31, 2018 of $77,490 (under other gains and losses). Details of such loss are as follows:

	Year ended December 31, 2018	
	Recognised in profit or loss	Recognised in other comprehensive income
Impairment loss－property, plant and equipment	$ 77,490	$ -

There is no such situation for the year ended December 31, 2018.

B. The impairment loss reported by operating segments is as follows:

	Year ended December 31, 2018	
	Recognised in profit or loss	Recognised in other comprehensive income
Tinplate factory located in China	$ 77,490	$ -

C. In 2018, Tinplate factory located in China was requisitioned by the government that resulted in an impairment in the Group's property, plant and equipment. The Group wrote down the carrying amount of the asset based on the recoverable amount and recognised an impairment loss of $77,490 accordingly. The recoverable amount is the property's fair value less costs of disposal. Fair value was evaluated by cost method and classified as a level 3 fair value. The part was measured by the value of use, and the value of use is calculated at a discount rate of 4.18%.

D. As of December 31, 2018 and 2017, the balances for accumulated impairment of property, plant and equipment were $78,630 and $20,978, respectively.

(10) Short-term borrowings

Nature	December 31, 2018	Interest rate range	Collateral
Unsecured bank borrowings	$ 3,712,581	0.82%～4.35%	None

Nature	December 31, 2017	Interest rate range	Collateral
Unsecured bank borrowings	$ 1,617,516	0.82%～4.38%	None

A. For more information about interest expenses recognized by the Group for the years ended December 31, 2018 and 2017, please refer to Note 6(22), 'Finance costs'.

B. For information on the terms and conditions of all the loan contracts the Group entered into with financial institutions, please refer to Note 9, "Significant contingent liabilities and unrecognized contract commitments".

(11) Short-term notes and bills payable

	December 31, 2018	Interest rate range	Collateral
Commercial paper payable	$ 400,000	0.95%～0.96%	None
Less: Unamortized discount	(73)		
	$ 399,927		

	December 31, 2017	Interest rate range	Collateral
Commercial paper payable	$ 700,000	0.90%～0.94%	None
Less: Unamortized discount	(184)		
	$ 699,816		

A. The above commercial papers were issued and secured by Taiwan Finance Corporation for short-term financing.

B. For more information about interest expenses recognized by the Group for the years ended December 31, 2018 and 2017, please refer to Note 6(22), 'Finance costs'.

(12) Bonds payable

	December 31, 2017	Pledged or collateral
Unsecured corporate bonds	$ 650,687	None
Less: Current portion of long-term liabilities	(650,687)	
	$ -	

A. The subsidiary－Cayman Ton Yi Industrial Holdings Ltd. issued the first unsecured ordinary bonds of RMB 142 million in February 2015. The terms are as follows:

a. Total issuance: RMB 142 million ($717,242)

b. Issuance price: fully issued at par value of RMB 1 million per bond

c. Coupon rate: fixed rate at 4.20% per annum

d. Interest payment method: starting from the issuance date, interest is accrued at the coupon rate and paid annually.

e. Repayment of principal: payable in full 3 years after the issuance date

f. Issuance deadline: 3 years (February 3, 2015 to February 3, 2018)

g. Depository bank: CTBC Bank Co., Ltd.

B. The bonds payable was redeemed in February, 2018.

C. For more information about interest expenses recognized by the Group for the years ended December 31, 2018 and 2017, please refer to Note 6(22), 'Finance costs'.

(13) Long-term borrowings

Nature	Range of maturity dates	Range of interest rates	Collateral	December 31, 2018
Unsecured bank borrowings	2019.2.15～2021.12.19	1.04%～4.75%	None	$ 8,950,829
Less: Current portion of long-term liabilities				(850,829)
				$ 8,100,000

Nature	Range of maturity dates	Range of interest rates	Collateral	December 31, 2017
Unsecured bank borrowings	2018.3.23～2020.9.22	1.04%～4.75%	None	$ 11,329,639
Less: Current portion of long-term liabilities				(1,415,497)
				$ 9,914,142

A. For information on the terms and conditions of all the loan contracts the Group entered into with financial institutions, please refer to Note 9, "Significant contingent liabilities and unrecognized contract commitments".

B. For more information about interest expenses recognized by the Group for the years ended December 31, 2018 and 2017, please refer to Note 6(22), 'Finance costs'.

(14) Provision - non-current

	Years ended December 31,	
Decommissioning liabilities	2018	2017
At January 1	$ 76,802	$ 75,389
Unwinding of discount	1,440	1,413
At December 31	$ 78,242	$ 76,802

According to the policy published, applicable agreement or the law and regulation, the Group has obligations to restore certain property, plant and equipment located in Yong-Kang District, Tainan City in the future. A provision is recognized for the present value of costs to be incurred for dismantling, removing the asset and restoring the site. It is expected that the provision will be settled within 50 years from the beginning of contract.

(15) Pensions

A. The Company has a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 14% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is not enough to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contribution for the deficit by next March.

a. The amounts recognized in the balance sheet are as follows:

	December 31, 2018	December 31, 2017
Present value of defined benefit obligations	($ 1,490,276)	($ 1,365,787)
Fair value of plan assets	1,110,523	1,005,406
Net defined benefit liability - non-current	($ 379,753)	($ 360,381)

b. Movements in net defined benefit liabilities – non-current are as follows:

	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
Year ended December 31, 2018			
Balance at January 1	($ 1,365,787)	$ 1,005,406	($ 360,381)
Current service cost	(17,668)	-	(17,668)
Interest (expense) income	(22,129)	16,901	(5,228)
	(1,405,584)	1,022,307	(383,277)
Remeasurements:			
Return on plan assets (excluding amounts included in interest income or expense)	-	23,710	23,710
Change in financial assumptions	(96,713)	-	(96,713)
Experience adjustments	(5,020)	-	(5,020)
	(101,733)	23,710	(78,023)
Pension fund contribution	-	81,547	81,547
Paid pension	17,041	(17,041)	-
Balance at December 31	($ 1,490,276)	$ 1,110,523	($ 379,753)

	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
Year ended December 31, 2017			
Balance at January 1	($ 1,425,701)	$ 966,241	($ 459,460)
Current service cost	(19,115)	-	(19,115)
Interest (expense) income	(19,515)	13,708	(5,807)
	(1,464,331)	979,949	(484,382)
Remeasurements:			
Return on plan assets (excluding amounts included in interest income or expense)	-	(4,184)	(4,184)
Change in financial assumptions	49,377	-	49,377
Experience adjustments	(2,505)	-	(2,505)
	46,872	(4,184)	42,688
Pension fund contribution	-	81,313	81,313
Paid pension	51,672	(51,672)	-
Balance at December 31	($ 1,365,787)	$ 1,005,406	($ 360,381)

c. The Bank of Taiwan was commissioned to manage the Fund of the Company's defined benefit pension plan in accordance with the Fund's annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Fund" (Article 6: The scope of utilisation for the Fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate securitization products, etc.). With regard to the utilisation of the Fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorized by the Regulator. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan assets fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2018 and 2017 is given in the Annual Labor Retirement Fund Utilisation Report announced by the government.

d. The principal actuarial assumptions used were as follows:

	Year ended December 31, 2018	Year ended December 31, 2017
Discount rate	1.625%	1.375%
Future salary increases	3.00%	3.00%

Future mortality rate was estimated based on the 5th Taiwan Standard Ordinary Experience Mortality Table.

Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

	Discount rate		Future salary increases	
	Increase 0.25%	Decrease 0.25%	Increase 0.25%	Decrease 0.25%
At December 31, 2018				
Effect on present value of defined benefit obligation	($ 49,355)	$ 51,448	$ 49,613	($ 47,877)
At December 31, 2017				
Effect on present value of defined benefit obligation	($ 47,302)	$ 49,377	$ 47,881	($ 46,133)

The sensitivity analysis above was arrived at based on one assumption which changed while the other conditions remain unchanged. In practice, more than one assumption may change all at once. The method of analysing sensitivity and the method of calculating net pension liability in the balance sheet are the same. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

e. Expected contributions to the defined benefit pension plans of the Group for the year ending December 31, 2019 are $72,399.

f. As of December 31, 2018, the weighted average duration of the retirement plan is 14 years. The analysis of timing of the future pension payment was as follows:

Within 1 year	$ 10,621
2-5 years	104,988
6-10 years	288,694
	$ 404,303

B. Effective July 1, 2005, the Company has established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount or in lump sum upon termination of employment. The Group's subsidiaries have defined contribution plans. Monthly contributions to an independent fund administered by the government in accordance with the pension regulations are based on certain percentage of employees' monthly salaries and wages. Other than the monthly contributions, the Group has no further obligations. The pension costs under the defined contribution pension plans of the Group (listed under "Operating cost" and "Operating expense") for the years ended December 31, 2018 and 2017 were $179,308 and $174,379, respectively.

(16) Share capital - Common stock

A. Movements in the number of the Company's ordinary shares outstanding are as follows (in thousands of shares):

	Years ended December 31,	
	2018	2017
Beginning and ending balance	1,579,145	1,579,145

B. As of December 31, 2018, the Company's authorized capital was $17,847,009, and the paid-in capital was $15,791,453 with a par value of $10 (in dollars) per share, consisting of 1,579,145 thousand shares of ordinary stock. All proceeds from shares issued have been collected.

(17) Capital surplus

Pursuant to the R.O.C. Company Act, capital reserve arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to offset accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Law requires that the amount of capital surplus to be capitalized mentioned above should not exceed 10% of the paid-in capital each year. Capital reserve should not be used to cover accumulated deficit after the legal reserve is used.

	Year ended December 31, 2018				
	Share premium	Treasury share transactions	Donated assets	Others	Total
Beginning balance	$ 58,271	$169,088	$ 819	$ 1,869	$230,047
Unclaimed cash dividends transferred to capital surplus	-	-	-	214	214
Ending balance	$ 58,271	$169,088	$ 819	$ 2,083	$230,261

	Year ended December 31, 2017				
	Share premium	Treasury share transactions	Donated assets	Others	Total
Beginning balance	$ 58,271	$169,088	$ 819	$ -	$228,178
Unclaimed cash dividends transferred to capital surplus	-	-	-	1,869	1,869
Ending balance	$ 58,271	$169,088	$ 819	$ 1,869	$230,047

(18) Retained earnings

A. The legal reserve shall be exclusively used to offset accumulated deficit, to issue new stocks or distribute cash to shareholders in proportion to their share ownership. The use of legal reserve for the issuance of stocks or cash dividends to shareholders in proportion to their share ownership is permitted provided that the balance of such reserve exceeds 25% of the Company's paid-in capital.

B. According to the Articles of Incorporation of the Company, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve and special reserve shall be set aside or reversed in accordance with related regulations. The remaining amount plus the accumulated unappropriated earnings from prior years is this accumulated distributable earnings. Of the amount to be distributed by the Company, shareholders' dividends shall comprise 50% to 100% of the accumulated distributable earnings and cash dividends shall not be lower than 30% of the total dividends distributed. The appropriation of earnings shall be proposed by the Board of Directors and resolved by the shareholders.

C. Special reserve

a. In accordance with the regulations, the Company shall set aside special reserve arising from the debit balances in other equity items at the balance sheet date before distributing earnings. When debit balances on other equity items are reversed subsequently, an equal amount could then be used for distribution. The other equity debit balance decreased due to the Unrealized Gain or Loss on Available-for-sale and Exchange Differences on Translation of Foreign Financial Statements, resulting in a special surplus reserve of $214,463.

As of December 31, 2018, special reserve of $860,682 was set aside in accordance with the Company Act on special reserve, and no dividends shall be distributed.

b. The amounts previously set aside by the Company as special reserve on initial application of IFRSs in accordance with Jin-Guan-Zheng-Fa-Zi Letter No. 1010012865, dated April 6, 2012, shall be reversed proportionately when the relevant assets, those other than land, are used, disposed of or reclassified subsequently. Such amounts are reversed upon disposal or reclassified if the assets are land.

D. The Company recognized dividends distributed to owners amounting to $789,573 ($0.50 (in dollars) per share as cash dividend) and $600,075 ($0.38 (in dollars) per share as cash dividend) for the years ended December 31, 2018 and 2017, respectively. On March 25, 2019, total dividends for 2018 of $742,198, constituting $0.47 (in dollars) per share as cash dividends, was proposed by the Board of Directors.

(19) Operating revenue

		Year ended December 31, 2018
Revenue from contracts with customers	$	35, 103, 806

A. Disaggregation of revenue from contracts with customers

The Group derives revenue from the transfer of goods and services over time and at a point in time in the following major product lines and geographical regions:

		Year ended December 31, 2018
Revenue from products of Tinplate	$	21, 829, 611
Revenue from products of Plastic pack		13, 274, 195
	$	35, 103, 806

B. The Group has recognized the following revenue-related contract liabilities:

		December 31, 2018
Contract liabilities - current	$	71, 206

Revenue recognized that was included in the contract liability balance at the beginning of the year ended December 31, 2018 was $49,463 (including $27,053 which has been written off against accounts receivable).

(20) Other income

	Years ended December 31,	
	2018	2017
Dividend income	$ 5,510	$ 18,439
Interest income:		
Bank deposits	22,363	16,298
Rental income	30,359	24,546
Government subsidy income	382,592	69,500
Other income (Note)	641,785	43,895
	$ 1,082,609	$ 172,678

(Note) The description of Long-term prepaid rent disposal of Jiangsu Ton Yi Tinplate Co., Ltd. and Wuxi Ton Yi Industrial Packing Co., Ltd. for the year ended December 31, 2018 is provided in Note 9, "Significant contingent liabilities and unrecognized contract commitments".

(21) Other gains and losses

	Years ended December 31,	
	2018	2017
Gain on financial assets at fair value through profit or loss	$ 1,589	$ 1,437
Net gain (loss) on disposal of property, plant and equipment	555,300	(30,007)
Loss on impairment of property, plant and equipment	(77,490)	-
Gain on disposal of investment property	1,150	-
Net currency exchange gain (loss)	14,137	(55,137)
Miscellaneous expenses	(30,530)	(20,779)
	$ 464,156	($ 104,486)

A. According to the Articles of Incorporation of the Company, a ratio of distributable profit of the current year, after covering accumulated losses, shall be distributed as employees' compensation and directors' remuneration. The ratio shall not be lower than 2% for employees' compensation and shall not be higher than 2% for directors' remuneration.

B. For the years ended December 31, 2018 and 2017, employees' compensation was accrued at $73,866 and $30,836, respectively; while directors' remuneration was accrued at $15,414 and $13,979, respectively. The aforementioned amounts were recognized in salary expenses. The expenses recognized were accrued based on the profit of current period distributable and the percentage specified in the Articles of Incorporation of the Company. The amounts of employees' compensation and directors' remuneration were $73,866 and $14,869 as resolved by the Board of Directors, which were the same with the amounts recognized in the 2018 financial statements. The employees' compensation was distributed in the form of cash. The amounts of employees' compensation and directors' remuneration were $30,836 and $13,979 as resolved by the Board of Directors, which were the same with the amounts recognized in the 2017 financial statements. The employees' compensation was distributed in the form of cash.

Information about employees' compensation and directors' and supervisors' remuneration of the Company as approved by the Board of Directors and resolved by the stockholders will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(25) Income tax

A. Income tax

a. Components of income tax expense

	Years ended December 31, 2018	Years ended December 31, 2017
Current income tax:		
Income tax incurred in current year	$ 457,437	$ 160,393
Under provision in prior years	6,385	4,373

7. RELATED PARTY TRANSACTIONS

(1) Parent and ultimate controlling party

The ultimate parent of the Company is Uni-President Enterprises Corp. The ultimate controlling party of the Company is 45.55%.

(2) Names of related parties and relationship

Names of related parties	Relationship with the Group
Guangzhou President Enterprises Co., Ltd.	Parent company to entity with joint control or significant influence
Beijing President Enterprises Drinks & Food Co., Ltd.	Parent company to entity with joint control or significant influence
Uni-President Trading (Kunshan) Co., Ltd.	Parent company to entity with joint control or significant influence
Taizhou President Enterprises Co., Ltd.	Parent company to entity with joint control or significant influence
Chengdu President Enterprises Food Co., Ltd.	Parent company to entity with joint control or significant influence
Zhanjiang President Enterprises Co., Ltd.	Parent company to entity with joint control or significant influence
Kunshan President Enterprises Food Co., Ltd.	Parent company to entity with joint control or significant influence
TTET Union Corp.	Parent company to entity with joint control or significant influence
Shanghai E & P Trading Co., Ltd.	Parent company to entity with joint control or significant influence
Kai Yu Investment Co., Ltd.	Parent company to entity with joint control or significant influence
Daiwa Can Co., Ltd.	Entity to subsidiary-Wuxi Ton Yi Daiwa Industrial Co.,Ltd. with joint control or significant influence

(3) Significant related party transactions

A. Sales

	Years ended December 31, 2018	Years ended December 31, 2017
Sales of goods:		
Parent company to entities with joint control or significant influence		
Guangzhou President Enterprises Co., Ltd.	$ 3, 449, 527	$ 3, 226, 297
Others	10, 119, 921	10, 130, 424
	$ 13, 569, 448	$ 13, 356, 721

The Group’s collection terms and methods for related party are wire transfer within 28~60 days of monthly statements, wire transfer within 22 days of statements settled twice a month and wire transfer within 20~45 days after receiving the receipt. The collection terms are similar to that of a third party. The Group only sells to the subsidiaries; thus there is no comparable price for sales made at arm's length.

B.Purchases of goods

	Years ended December 31,	
	2018	2017
Purchases of goods		
Parent company to entities with joint control or significant influence	$ 986,873	$ 961,960

Purchase price from related party is similar to that of a third party. Except for some transactions through letters of credit, the payment terms are similar to those of third parties, which are payments within 28~45 days of monthly statement, 10~30 days of invoice receipt, wire transfer within 7~88 days after receiving the receipt and 15 days upon receipt of goods.

C.Property transactions

Disposal of financial assets:

	Accounts	No. of shares (in thousands)	Objects	Year ended December 31, 2018 Proceeds	Gain/(loss)
Kai-Yu Investment Co., Ltd.	Financial assets at fair value through profit or loss - non-current	44,100	Unlisted stocks	$ 470,454	-
	Financial assets at fair value through profit or loss - non-current	108	Unlisted stocks	1,079	-
				$ 471,533	$ -

The Board of Directors adopted the resolution to sell the shareholding in unlisted companies (shown as 'Financial assets at fair value through profit or loss-non-current') to Kai-Yu Investment Corp. in March, 2018. The selling price was based on the expert's report. There is no such situation for the year ended December 31, 2017.

D. Rental expense (recorded under Operating cost and Operating expense)

	Leased subject	Determination of rent	Payment method	Years ended December 31, 2018	2017
Parent company to entities with joint control or significant influence

Others	2,680	-
	$ 34,787	$ -

J. Advance receipts

	December 31, 2018	December 31, 2017
Parent company to entities with joint control or significant influence		
Chengdu President Enterprises Food Co., Ltd.	$ -	$ 22,910
Others	-	491
	$ -	$ 23,401

(4) Key management compensation

	Years ended December 31,	
	2018	2017
Salaries and other short-term employee benefits	$ 74,468	$ 54,892

8. PLEDGED ASSETS

None.

9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED CONTRACT COMMITMENTS

A. As of December 31, 2018 and 2017, the balances for contracts that the Group entered into but not yet incurred are $1,027,867 and $88,106, respectively.

B. As of December 31, 2018 and 2017, the unused letters of credit amounted to $735,481 and $588,335, respectively.

C. Lending agreements of the Group are summarized below:

(a) The Company has entered into a lending agreement with CTBC Bank in 2018. In accordance with the agreement, the Company has to maintain the following financial ratios and terms: the consolidated debt-to-equity ratio of less than 180%, interest coverage ratio of over 200%, and the consolidated tangible shareholders' equity of not less than $15,000,000 at the annual assessment. Under the terms of the loan agreement, if any of the financial covenants were not met, the Company has to improve the conditions. Otherwise, the bank has the right to cancel or reduce the credit line, shorten credit period, or principal and interest deemed as due.

(b) The Company has signed a loan agreement with KGI Bank in 2018. In accordance with the agreement, the Company has to maintain the following financial ratios and terms: the Company has to maintain a consolidated debt-to-equity ratio of less than 180%, interest coverage ratio at over 200%, and consolidated tangible shareholders' equity of not less than $15,000,000 at the annual assessment. If any of the financial covenants were not met, the Company has to improve within four months. Otherwise, the bank has the right to demand the Company to pay off the loan balance immediately.

(c) The Company has entered into a lending agreement with CTBC Bank in 2017. In accordance with the agreement, the Company has to maintain the following financial ratios and terms: the consolidated debt-to-equity ratio of less than 180%, interest coverage ratio of over 200%, and the consolidated tangible shareholders' equity of not less than $15,000,000 at the annual assessment. Under the terms of the loan agreement, if any of the financial covenants were not met, the Company has to improve the conditions. Otherwise, the bank has the right to cancel or reduce the credit line, shorten credit period, or principal and interest deemed as due.

(d) The Company has entered into a lending agreement with Bank of Tokyo-Mitsubishi UFJ in 2017. In accordance with the agreement, the Company has to maintain the following financial ratios and terms: the Company has to maintain a consolidated debt-to-equity ratio of less than 180%, interest coverage ratio at over 200%, and consolidated tangible shareholders' equity of not less than $15,000,000 at the annual assessment. Should the Company fail to meet the above covenants, the bank has the right to demand the Company to pay off the loan balance immediately.

(e) Zhangzhou Ton Yi Industrial Co., Ltd. (the 'Zhangzhou Ton Yi'), a subsidiary of the Group, has signed a loan agreement with BNP Paribas in 2016. In accordance with the agreement, Zhangzhou Ton Yi has to maintain the following financial ratios and terms: the tangible shareholders' equity of not less than CNY$195,000,000 at the annual assessment, and the total debt-to-total equity ratio of less than 160%. Should Zhangzhou Ton Yi fail to meet the above covenants, the banks have the right to demand Zhangzhou Ton Yi to pay off the loan balance immediately

(f) Huizhou Ton Yi Industrial Co., Ltd. (the 'Huizhou Ton Yi'), a subsidiary of the Group, has signed a loan agreement with Mizoho Bank in 2016. The Company has to maintain a consolidated debt-to-equity ratio of less than 180%, interest coverage ratio of over 200%, and consolidated tangible shareholders' equity of not less than $15,000,000 at the annual assessment. Should the Company fail to meet the above covenants, the banks have the right to demand Huizhou Ton Yi to pay off the loan balance immediately.

(g) Chengdu Ton Yi Industrial Co., Ltd. (the 'Chengdu Ton Yi'), a subsidiary of the Group, has signed a loan agreement with Bangkok Bank in 2016. In accordance with the agreement, Chengdu Ton Yi has to maintain the following financial ratios and terms: the debt-to-equity ratio of less than 250%. Should Chengdu Ton Yi fail to meet the above covenants, the banks have the right to demand Chengdu Ton Yi to pay off the loan balance immediately.

(h) Chengdu Ton Yi, a subsidiary of the Group, has signed a loan agreement with United Overseas Bank in 2016 and 2015. In accordance with the agreement, Chengdu Ton Yi has to maintain the following financial ratios and terms: the ratio of the total borrowings to net tangible assets shall not exceed 225% at all times. Should Chengdu Ton Yi fail to meet the above covenants, the banks have the right to demand Chengdu Ton Yi to pay off the loan balance immediately.

As of December 31, 2018 and 2017, the Group has not violated the above covenants.

D. Jiangsu Ton Yi Tinplate Co., Ltd. and Wuxi Ton Yi Industrial Packing Co., Ltd., subsidiaries of the Group, disposed land use right and buildings by a resolution of the Board of Directors on December 21, 2017, at the request of the local government. The total amounts were $1,083,631 (RMB 242,675 in thousands) and $471,766 (RMB 105,650 in thousands). The Group recognized the profit on disposal of land use right of $608,644 (recorded under "Other income", and the amount was $514,803 after deducting land value increment tax of $93,841 recorded under "Income tax") and the gain on disposal of property, plant and equipment was $593,769 (recorded under "Other gains and losses"). As of December 31, 2018, the amount of $694,031 received from the above transaction was restricted by the establishment of a co-management account. Therefore, it is listed as "Other Financial Assets-Current".

E. The Group leases various land, offices, warehouses and equipment under operating lease agreements. For the years ended December 31, 2018 and 2017, rental expense recorded under Operating cost and Operating expense amounted to $321,207 and $334,734, respectively. The future aggregate minimum lease payments under operating leases are as follows:

	December 31, 2018	December 31, 2017
Within 1 year	$ 248,238	$ 318,866
Between 1 and 5 years	296,356	291,525
Over 5 years	364,156	587,404
	$ 908,750	$ 1,197,795

10. SIGNIFICANT DISASTER LOSS

None.

11. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

None.

12. OTHERS

(1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders, maintain an optimal capital structure to both reduce the cost of capital and to meet the monetary needs of improving productivity. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

(2) Financial instruments

A. Financial instruments by category

Details of financial instruments by category of the Group are described in Notes 6 and 12(4), "Effects on initial application of IFRS 9 and information on application of IAS 39 in 2017".

B. Financial risk management policies

a. The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, price risk and interest rate risk), credit risk and liquidity risk. The Group seeks to minimize potential adverse effects on the Group's financial performance. The Group hedges foreign exchange risk by using Forward foreign exchange contracts.

b. Risk management is carried out by a central treasury department (Group Finance Department) under policies approved by the board of directors. Group Finance Department identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

a. Market risk

(a) Foreign exchange risk

i. The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the USD, EUR and China Yuan (the 'CNY'). Foreign exchange risk arises from future commercial transactions, recognized assets and liabilities and net investments in foreign operations.

ii. The Group has certain investments in foreign operations, whose net assets are exposed to foreign currency translation risk. The Group's foreign operations are considered strategic investments; thus, no hedging for the purpose is conducted.

iii. The Group's businesses involve some non-functional currency operations (the Company's functional currency: NTD; certain subsidiaries' functional currency: USD, CNY and VND.) The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

	December 31, 2018		
(Foreign currency: functional currency)	Foreign Currency Amount (in thousands)	Exchange Rate	Book Value
Financial assets			
Monetary items			
USD : NTD	$ 16,890	30.72	$ 518,776
USD : CNY	8,749	6.88	268,726
EUR : NTD	1,725	35.2	60,720
JPY : NTD	111,089	0.2782	30,905
Financial liabilities			
Monetary items			
USD : NTD	16,501	30.72	506,828

	December 31, 2017		
(Foreign currency: functional currency)	Foreign Currency Amount (in thousands)	Exchange Rate	Book Value
Financial assets			
Monetary items			
USD : NTD	$ 8,609	29.76	$ 256,204
EUR : NTD	2,026	35.57	72,065
USD : CNY	2,178	6.51	64,817
Financial liabilities			
Monetary items			
CNY :USD	142,000	0.153685	649,462
USD : NTD	1,229	29.76	36,575

iv. As of December 31, 2018 and 2017, if the functional currency exchange rate had appreciated/depreciated by 1%, with all other factors remaining constant, the Group's post-tax profit for the years ended December 31, 2018 and 2017 would have increased/decreased by $2,978 and $2,432, respectively.

v. The total exchange gain (loss), including realized and unrealized arising from significant foreign exchange variation on the monetary items held by the Group for the years ended December 31, 2018 and 2017 amounted to $14,137 and ($55,137), respectively.

(b) <u>Price risk</u>

i. The Group’s equity securities, which are exposed to price risk, are the held financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

ii. The Group’s investments in equity securities comprise the prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, other componements of equity for the years ended December 31, 2018 and 2017 would have increased/decreased by $1,222 and $1,787, respectively.

(c) <u>Cash flow and fair value interest rate risk</u>

i. The Group’s main interest rate risk arises from short-term and long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. Group policy is to maintain its borrowings at fixed rate using interest rate swaps to achieve this when necessary. During the years ended December 31, 2018 and 2017, the Group’s borrowings at variable rate were mainly denominated in New Taiwan dollars, US dollars, JPY dollars, and CNY dollars.

ii. If the borrowing interest rate had increased/decreased by 1% with all other variables held constant, profit, net of tax for the years ended December 31, 2018 and 2017 would have decreased/increased by $2,698 and $3,615, respectively. The main factor is that changes in interest expense result from floating rate borrowings.

b. Credit risk

(a) Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, and the contract cash flows of debt instruments stated at amortized cost, at fair value through profit or loss and at fair value through other comprehensive income.

(b) The Group manages their credit risk taking into consideration the entire group’s concern. For banks and financial institutions, only independently rated parties with a minimum rating of 'A' are accepted. According to the Group’s credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.

(c) In line with credit risk management procedure, when the contract payments are past due over certain number days, the default has occurred.

(d) The Group adopts the following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition:

i. If the contract payments are past due over certain number of days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.

ii. If any external credit rating agency rates these bonds as investment grade, the credit risk of these financial assets is low. If the credit rating grade of an investment target degrades two scales, there has been a significant increase in credit risk on that instrument since initial recognition.

(e) The Group classifies customer's accounts receivable in accordance with product types. The Group applies the simplified approach using provision matrix to estimate expected credit loss under the provision matrix basis, and used the forecastability concern to adjust historical and timely information to assess the default possibility of accounts receivable. The Group applying the simplified approach to provide loss allowance for accounts receivable is as follows:

	Year ended December 31, 2018	
	Notes receivable	Accounts receivable
At January 1_IAS 39	$ 1,200	$ 58,191
Adjustments under new standards	-	-
At January 1_IFRS 9	1,200	58,191
Provision for impairment	292	11,489
Effect of foreign exchange rate changes	-	(1,403)
At December 31_IFRS 9	$ 1,492	$ 68,277

(f) Credit risk information for the year ended December 31, 2017 is provided in Note 12(4) "Effects on initial application of IFRS 9 and information on application of IAS 39 in 2017".

c. Liquidity risk

(a) Cash flow forecasting is performed in the operating entities of the Group and aggregated by the Group Finance Department. Group Finance Department monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

(b) Surplus cash held by the operating entities over and above the balance required for working capital management are transferred to the Group Finance Department. Group Finance Department invests surplus cash in interest bearing current accounts, time deposits and marketable securities, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the above mentioned forecasts.

(c) The table below analyses the Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

December 31, 2018	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	More than 5 years
Non-derivative financial liabilities:				
Short-term borrowings	$ 3,732,411	$ -	$ -	$ -
Short-term notes and bills payable	400,000	-	-	-
Notes payable	15,245	-	-	-
Accounts payable (including related party)	1,169,578	-	-	-
Other payables (including related party)	1,572,726	-	-	-
Other financial liabilities - current	20,180	-	-	-
Long-term borrowings	977,893	5,070,006	3,126,873	-
Guarantee deposits received	-	8,000	223	17,863

December 31, 2017	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	More than 5 years
Non-derivative financial liabilities:				
Short-term borrowings	$ 1,628,814	$ -	$ -	$ -
Short-term notes and bills payable	700,000	-	-	-
Notes payable	23,659	-	-	-
Accounts payable (including related party)	1,358,821	-	-	-
Other payables (including related party)	1,312,082	-	-	-
Other financial liabilities - current	19,563	-	-	-
Corporate bonds payable	653,083	-	-	-
Long-term borrowings	1,636,452	5,546,738	4,546,107	-
Guarantee deposits received	-	8,248	1,144	-

(d) The Group does not expect the maturity date to end early nor the actual cash flow to be materially different.

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair value of the Group's investment in listed stocks is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The fair value of the Group's investment in foreign exchange contracts is included in Level 2.

Level 3: Unobservable inputs for the asset or liability.

B. The fair value of the Group's financial assets and financial liabilities not measured at fair value including the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables, other current financial assets , guarantee deposits paid, short-term borrowings, short-term notes and bills payable, notes payable, accounts payable (including related parties), other payables (including related parties), other current financial liabilities, corporate bonds payable (including long-term liabilities - current portion), long-term borrowings (including long-term liabilities - current portion), and guarantee deposits received are approximate to their fair values.

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities are as follows:

December 31, 2018	Level 1	Level 2	Level 3	Total
Assets:				
Recurring fair value measurements				
Financial assets at fair value through other comprehensive income				
Equity securities	$ 122, 199	$ -	$ -	$ 122, 199

December 31, 2017	Level 1	Level 2	Level 3	Total
Assets:				
Recurring fair value measurements				
Available-for-sale financial assets				
Equity securities	$ 178, 731	$ -	$ -	$ 178, 731

D. The methods and assumptions the Group used to measure fair value are as follows:

The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	Listed shares
Market quoted price	Closing price

E. For the years ended December 31, 2018 and 2017, there was no transfer into or out between Level 1 and Level 2.

F. For the years ended December 31, 2018 and 2017, there was no transfer into or out from Level 3.

(4) Effects on initial application of IFRS 9 and information on application of IAS 39 in 2017

A. Summary of significant accounting policies adopted in 2017:

a. Financial assets at fair value through profit or loss

(a) They are financial assets held for trading or financial assets designated as at fair value through profit or loss on initial recognition. Financial assets are classified in this category of held for trading if acquired principally for the purpose of selling in the short-term. Derivatives are also categorized as financial assets held for trading unless they are designated as hedges. Financial assets that meet one of the following criteria are designated as at fair value through profit or loss on initial recognition:

i. Hybrid (combined) contracts; or

ii. They eliminate or significantly reduce a measurement or recognition inconsistency; or

iii. They are managed and their performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.

(b) On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognized and derecognized using trade date accounting.

(c) Financial assets at fair value through profit or loss are initially recognized at fair value. Related transaction costs are expensed in profit or loss. These financial assets are subsequently remeasured and stated at fair value, and any changes in the fair value of these financial assets are recognized in profit or loss.

b. Available for sale financial assets

(a) They are non-derivatives that are either designated in this category or not classified in any of the other categories.

(b) On a regular way purchase or sale basis, available-for-sale financial assets are recognized and derecognized using trade date accounting.

(c) They are initially recognized at fair value plus transaction costs. These financial assets are subsequently remeasured and stated at fair value, and any changes in the fair value of these financial assets are recognized in other comprehensive income. Investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured or derivatives that are linked to and must be settled by delivery of such unquoted equity instruments are presented in ‘financial assets measured at cost’.

c. Loans and receivables

Accounts receivable are loans and receivables originated by the entity. They are created by the entity by selling goods or providing services to customers in the ordinary course of business. They are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. However, short-term accounts receivable without bearing interest are subsequently measured at initial amount as the effect of discounting is immaterial.

d. Impairment of financial assets

(a) The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired as a result of one or more events that occurred after the initial recognition of the asset (a ‘loss event’) and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

(b) The criteria that the Group uses to determine whether there is objective evidence of an impairment loss is as follows:

i. Significant financial difficulty of the issuer or debtor;

ii. A breach of contract, such as a default or delinquency in interest or principal payments;

iii. The disappearance of an active market for that financial asset because of financial difficulties;

iv. Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial asset in the group, including adverse changes in the payment status of borrowers in the group or national or local economic conditions that correlate with defaults on the assets in the group;

v. Information about significant changes with an adverse effect that have taken place in the technology, market, economic or legal environment in which the issuer operates, and indicates that the cost of the investment in the equity instrument may not be recovered;

vi. A significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

(c) When the Group assesses that there has been objective evidence of impairment and an impairment loss has occurred, accounting for impairment is made as follows according to the category of financial assets:

i. Available-for-sale financial assets

The amount of the impairment loss is measured as the difference between the asset's acquisition cost (less any principal repayment and amortization) and current fair value, less any impairment loss on that financial asset previously recognized in profit or loss, and is reclassified from 'other comprehensive income' to 'profit or loss'. If, in a subsequent period, the fair value of an investment in a debt instrument increases, and the increase can be related objectively to an event occurring after the impairment loss was recognised, such impairment loss is reversed through profit or loss. Impairment loss of an investment in an equity instrument recognized in profit or loss shall not be reversed through profit or loss. Impairment loss is recognized and reversed by adjusting the carrying amount of the asset through the use of an impairment allowance account.

ii. Financial assets at cost

The amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at current market return rate of similar financial asset, and is recognized in profit or loss. Impairment loss recognized for this category shall not be reversed subsequently. Impairment loss is recognized by adjusting the carrying amount of the asset through the use of an impairment allowance account.

iii. Financial assets at amortized cost

The amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate, and is recognized in profit or loss. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognized, the previously recognized impairment loss is reversed through profit or loss to the extent that the carrying amount of the asset does not exceed its amortized cost that would have been at the date of reversal had the impairment loss not been recognized previously. Impairment loss is recognized and reversed by adjusting the carrying amount of the asset through the use of an impairment allowance account.

B. Reconciliations of carrying amount of financial assets transferred from December 31, 2017, IAS 39, to January 1, 2018, IFRS 9, are provided in Note 3(1), "Effects of adoption of new issuances of or amendments to IFRS as endorsed by the FSC".

C. The significant accounts as of December 31, 2017 are as follows:

a. Accounts and notes receivable

	December 31, 2017
Notes receivable	$ 943, 243
Less: Allowance for doubtful accounts	(1, 200)
	$ 942, 043

	December 31, 2017
Accounts receivable	$ 1, 821, 813
Less: Allowance for doubtful accounts	(58, 191)
	$ 1, 763, 622

(a) The ageing analysis of financial assets that were past due but not impaired is as follows:

	December 31, 2017
Within 90 days	$ 43, 197
91 to 180 days	545
	$ 43, 742

The above ageing analysis was based on past due date.

(b) Movements in the provision for impairment of financial assets (accounts receivable and notes receivable) are as follows:

	Year ended December 31, 2017
	Group provision
At January 1	$ 62, 639
Provision for impairment	6, 230
Write-offs during the year	(8, 509)
Effects of foreign exchange	(969)
At December 31	$ 59, 391

(c) The Group's accounts receivable that are neither past due nor impaired are fully performing in line with the credit standards prescribed based on counterparties' industrial characteristics, scale of business and profitability.

(d) As of December 31, 2017, no accounts receivable (including related parties) measured at cost held by the Group were pledged to others.

(e) As of December 31, 2017, no accounts receivable (including related parties) measured at cost held by the Group were pledged to others.

b. Available-for-sale financial assets - non-current

	December 31, 2017
Listed stocks	$ 378,917
Valuation Adjustment	(200,186)
	$ 178,731

(a) The Group recognized $56,089 in other comprehensive income for fair value change and reclassified $－ from equity to profit or loss for the year ended December 31, 2017.

(b) As of December 31, 2017, the Group's investment classified as available-for-sale financial assets was not pledged to others.

c. Financial assets carried at cost

	December 31, 2017
Unlisted stocks	$ 501,050

(a) According to the Group's intention, its investment stocks should be classified as 'available-for sale financial assets'. However, as the stocks are not traded in active market, and no sufficient industry information of companies similar to the unlisted stock or the unlisted stocks' financial information cannot be obtained, the fair value of the investment investment in the unlisted stocks cannot be measured reliably. The Group classified those unlisted stocks as 'financial assets carried at cost'.

(b) As of December 31, 2017, no financial assets measured at cost held by the Group was pledged to others.

D. Credit risk information for the year ended December 31, 2017 are as follows:

a. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. According to the Group's credit policy, each local entity in the Group is responsible for managing and analyzing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilization of credit limits is regularly monitored. Credit risk arises from cash and cash equivalents, accounts receivable and promised transactions. For banks and financial institutions, only independently rated parties with good ratings are accepted.

b. For the year ended December 31, 2017, no credit limits were exceeded during the reporting periods, and management does not expect any significant losses from non-performance by these counterparties.

c. The Group provided the commitment of borrowing guarantee according to 'Procedures for Endorsements and Guarantees' for the subsidiaries which the Group holds more than 50% stocks and having decision-making. Due to credit status of these companies are controlled, the Group does not provide collateral. If not fulfilled, the credit risk is the guaranteed amount.

(5) Effects of initial application of IFRS 15 and information on application of IAS 11 and IAS 18 in 2017

A. The significant accounting policies applied on revenue recognition for the year ended December 31, 2017 are set out below.

Sales of goods

The Group manufactures and sells tinplate, cans, and PET package products. Revenue is measured at the fair value of the consideration received or receivable taking into account of business tax, returns, rebates and discounts for the sale of goods to external customers in the ordinary course of the Group's activities. Revenue arising from the sales of goods is recognized when the Group has delivered the goods to the customer, the amount of sales revenue can be measured reliably and it is probable that the future economic benefits associated with the transaction will flow to the entity. The delivery of goods is completed when the significant risks and rewards of ownership have been transferred to the customer, the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold, and the customer has accepted the goods based on the sales contract or there is objective evidence showing that all acceptance provisions have been satisfied.

B. The effects and description of current balance sheet and comprehensive income statement items if the Group continues adopting the above accounting policies are as follows:

		December 31, 2018		
Balance sheet items	Description	Balance by using IFRS 15	Balance by using previous accounting policies	Effects from chages in accounting policy
Contract liablities - current	(1)	$ 71,206	$ -	$ 71,206
Refund liability - current	(2)	9,145	-	9,145
Advance sales receipts	(1)	-	71,206	(71,206)
Deductions on accounts receivable	(2)	-	9,145	(9,145)
		$ 80,351	$ 80,351	$ -

a. Under IFRS 15, the advance sales receipts are recognized as contract liabilities, but were previously presented as allowance for sales receipts in the balance sheet.

b. Under IFRS 15, liabilities in relation to expected volume discounts and refunds to customers are recognized as current refund liabilities in the balance sheet.

c. There is no significant effect on current comprehensive income statements.

13. SUPPLEMENTARY DISCLOSURES

According to the current regulatory requirements, the Group is only required to disclose the information for the year ended December 31, 2018.

(1) Significant transactions information

A. Loans to others: Please refer to table 1.

B. Provision of endorsements and guarantees to others: None.

C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 2.

D. Acquisition or sale of the same security with the accumulated cost exceeding NT$300 million or

20% of the Company's paid-in capital: Please refer to table 3.

E. Acquisition of real estate reaching NT$300 million or 20% of paid-in capital or more: None.

F. Disposal of real estate reaching NT$300 million or 20% of paid-in capital or more: Please refer to table 4.

G. Purchases or sales of goods from or to related parties reaching NT$100 million or 20% of paid-in capital or more: Please refer to table 5.

H. Receivables from related parties reaching NT$100 million or 20% of paid-in capital or more: Please refer to table 6.

I. Trading in derivative financial instruments undertaken during the reporting periods:

   a. Trading in derivative instruments undertaken during the reporting periods: There was no trading in derivative on December 31, 2018, and recorded net income $2,976 by trading in derivative during the year ended December 31, 2018.

   b. The subsidiaries have not traded derivative financial instruments.

J. Significant inter-company transactions during the reporting period: Please refer to table 7.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 8.

(3) Information on investments in Mainland China

A. Basic information: Please refer to table 9.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: Please refer to table 10.

14. SEGMENT INFORMATION

(1) General information

The management of the Group has identified the operating segments based on information provided to the Group's chief operating decision-maker in order to make strategic decisions. The Group's organization, basis of identification and measurement of segment information had no significant changes in this period.

(2) Measurement of segment information

The chief operating decision-maker evaluates the performance of operating segments based on segment pre-tax income.

(3) Information about segment profit or loss and assets

The segment information provided to the chief operating decision-maker for the reportable segments is as follows:

	Year ended December 31, 2018				
	Taiwan	Tinplate Manufacturing (in Mainland China)	PET Package Manufacturing (in Mainland China)	Others	Total
Revenue from external customers	$ 12,768,927	$ 7,243,234	$ 13,271,293	$ 1,820,352	$ 35,103,806

Segment income	$ 1,571,384	$ 367,707	$ 853,117	$ 1,746,086	$ 4,538,294
Segment assets	$ 31,053,025	$ 8,889,635	$ 11,977,206	$ 18,749,866	$ 70,669,732

	Year ended December 31, 2017				
	Taiwan	Tinplate Manufacturing (in Mainland China)	PET Package Manufacturing (in Mainland China)	Others	Total
Revenue from external customers	$ 11,408,301	$ 6,694,046	$ 12,985,648	$ 1,579,388	$ 32,667,383
Revenue from internal customers	5,593,160	698,819	8,050	69,325	6,369,354
Segment revenue	$ 17,001,461	$ 7,392,865	$ 12,993,698	$ 1,648,713	$ 39,036,737
Segment income	$ 655,240	$ 15,561	$ 744,689	$ 363,721	$ 1,779,211
Segment assets	$ 27,930,534	$ 8,635,102	$ 12,639,395	$ 16,982,112	$ 66,187,143

(4) Reconciliation for segment income (loss) and assets

A. Sales between segments were carried out at arm's length. Basis of measurement remained consistent with revenue in the statements of comprehensive income and revenue from external parties reported to the chief operating decision-maker. A reconciliation of segment profit or loss before tax and the profit or loss before tax from continuing operations is shown below:

	Years ended December 31, 2018	Years ended December 31, 2017
Reportable segments profit and loss	$ 2,792,208	$ 1,415,490
Other segments profit and loss	1,746,086	363,721
Elimination of intersegment transactions	(2,348,228)	(909,133)
Net income before income tax from continuing operations	$ 2,190,066	$ 870,078

B. The amount of total assets provided to the Chief Operating Decision-Maker adopts the same basis of measurement as assets in the Group's financial statements. The reconciliations between reportable segments' assets and total assets are as follows:

	December 31, 2018	December 31, 2017
Assets of reportable segments	$ 51,919,866	$ 49,205,031
Assets of other operating segments	18,749,866	16,982,112
Elimination of intersegment transactions	(33,456,899)	(28,815,740)
Total assets	$ 37,212,833	$ 37,371,403

(5) Information on products and services

The Group's revenue information for 2018 and 2017 is as follows:

	Years ended December 31, 2018	Years ended December 31, 2017
Revenue from products of Tinplate	$ 21,829,611	$ 19,681,735
Revenue from products of Plastic pack	13,274,195	12,985,648
	$ 35,103,806	$ 32,667,383

(6) Geographical information

Geographical information for the years ended December 31, 2018 and 2017 is as follows:

	Year ended December 31, 2018		Year ended December 31, 2017	
	Revenue	Non-current assets	Revenue	Non-current assets
Taiwan	$ 4,217,704	$10,135,864	$ 3,318,352	$11,223,307
Mainland China	21,792,397	14,415,324	20,789,861	15,939,655
Others	9,093,705	58,746	8,559,170	46,174
	$35,103,806	$24,609,934	$32,667,383	$27,209,136

(7) Major customer information

In 2018 and 2017, no customers constituted more than 10% of the Group's total revenue.

Ton Yi Industrial Corp. and subsidiaries

Loans to others

Year ended December 31, 2018

(Note 1) Only transactions amounting to more than $100 million are disclosed. Transactions between parent company and subsidiaries were disclosed on the previous sections, no duplicated information is disclosed in this section.

(Note 2) The numbers filled in for the transaction company in respect of inter-company transactions are as follows:

(1) Parent company is '0'.

(2) The subsidiaries are numbered in order starting from '1'.

(Note 3) Relationship between transaction company and counterparty is classified into the following three categories:

(1) Parent company to subsidiary.

(2) Subsidiary to parent company.

(3) Subsidiary to subsidiary.

(Note 4) Regarding percentage of transaction amount to consolidated total operating revenues or total assets, it is computed based on period-end balance of transaction to consolidated total assets for balance sheet accounts and based on accumulated transaction amount for the period to consolidated total operating revenues for income statement accounts.

(Note 5) Foreign currency was translated into New Taiwan Dollars using the following exchanges: Ending balances of receivable and payable were translated using the exchange rate as at December 31, 2018 (CNY:NTD 1:4.465363); Amounts of transactions were translated using the weighted-average exchange rate for the year ended December 31, 2018 (CNY:NTD 1:4.558209).
